This course was great! I feel much more confident about the material now. The trainer was wonderful! I liked that we were able to fire questions at him and he would respond with examples of his experience. Also no question was a "dumb" question. Give him a Raise! :)

Simplilearn's PMP training brought numerous concepts together in a "simple" and cohesive package. I highly recommend Simplilearn's PMP training even if you don't plan to sit for the PMP exam.
